PROFESSIONAL SUMMARY

Product builder with 4 years building 0-to-1 AI products in BFSI. Shipped products on ground - from PolicyBazaar's AI health insurance chatbot (Rs 6.2 Mn+ APE, 11.7% conversion) ; now at Crisil advising insurers on AI product roadmaps and leading product assessment from scratch. Blend of technical depth and business acumen. IIM Kozhikode MBA on a DTU CS base - I bring the engineer's instinct, the consultant's structure, and the product instinct to ship.

EDUCATION

MBA, Indian Institute of Management (IIM) Kozhikode

June 2023 - April 2025

B.Tech - Computer Science, Delhi Technological University (DTU)

Aug 2016 - June 2020

WORK EXPERIENCE

Crisil

May 2025 - Present

Consultant (AI & BFSI Product Strategy) - Crisil Intelligence

- Advising insurance leadership on AI product strategy: shaped roadmap and business cases for 10+ AI initiatives across life insurance clients, mapped to growth and retention KPIs
- Led product discovery for a top health insurer's quote journey - ran competitive teardowns across 6 players, mapped 12+ friction points via user research, recommended redesign
- Built and shipped internal QA workflow product replacing manual review across BFSI engagements - cut review cycle time materially, now used across multiple teams
- Delivered 3+ DRHPs (SEBI IPO filings) and 2+ industry outlook reports for BFSI clients - led market sizing, and peer benchmarking; authored AMFI's monthly and annual mutual fund industry reports end-to-end
- Recognised with **Analytical Excellence Award** for leading Crisil's first InvIT investment assessment - launched at industry event with SEBI representatives; converted to new client mandates

Larsen & Toubro

April 2024 - June 2024

Summer Intern, AI/ML Risk (MBA Internship)

- Built a deep learning forex prediction model achieving 91% accuracy in 6 weeks, benchmarking 3 architectures against traditional statistical models to strengthen the treasury team's risk assessment toolkit
- Integrated news sentiment feature into model and presented deployment recommendations to senior risk leadership

PolicyBazaar

September 2020 - June 2023

Technical Associate, Data Science Team (Product & Applied ML)

- Owned 0-to-1 launch of AI health insurance chatbot: wrote PRDs, ran user research across 4 personas, defined north-star and input metrics, and shipped through 6 sprints - generated Rs 6.2 Mn+ Annualized Premium Equivalent (APE) and 11.7% lead-to-policy conversion in first 3 quarters
- Grew DAU 3x in 3 months via prioritized feature releases and funnel simplification; lifted premium revenue per lead 2x by removing friction in quote-to-buy journey
- Shipped a 89% accurate fine-tuned AI model "PolicyGPT" - a customer support LLM solution for the insurance queries
- Replaced third-party NLP vendor with in-house capability after building business case and managing build-vs-buy decision - Rs 6 Mn annual run-rate savings
- Automated GA & SQL reporting feedback pipelines, cutting reporting cycle time by 95%; enabling real-time decisions
- Built 4+ user personas, authored PRDs, and managed a 4-person data annotation team across 6 sprints - coordinating cross-functional delivery to design, engineering, and ML team

SKILLS

- Product:** Product Strategy, Roadmapping, PRD Writing, User Research, Persona Development, Journey Mapping, A/B Testing & Experimentation, Funnel Analysis, Activation & Retention Metrics, Go-to-Market (GTM) strategy, Stakeholder Management, Cross-functional collaboration
- AI / Tech Fluency:** LLM Fine-tuning, RAG Architectures, Generative & Agentic AI use cases, NLP, Prompt Engineering, Responsible AI
- Analytics:** SQL, Python, Google Analytics, Tableau, Cohort Analysis, Hypothesis Testing
- Tools:** JIRA, Figma, Postman, Azure Bot Framework, Claude Code, PowerPoint, Excel

ADDITIONAL INFORMATION

- Achieved 97.61% accuracy for a CNN based coffee plant disease detection model; paper published at IEEE conference
- Elected Member** - Students Alumni Cell (SAC), IIM Kozhikode
Led alumni engagement efforts, managed Rs 2Mn fund, raising Rs 1Mn+ and driving 1,200+ student-alumni connects
